Light Weight Fiberglass Tripod

CORE FEATURES

Lightweight & Non-Conductive: Fiberglass construction provides durability and safety around electrical hazards while remaining easy to carry.

Secure Dual-Locking: Combines the speed of a **Quick Clamp lever** with the positive-locking torque of a **wing screw** for an exceptionally secure hold.

Stable Mounting: A precision-machined **aluminum round head** and sturdy leg hinges create a dependable, wide-surface base for your instruments.

Durable Components: Features **powder-coated** hardware and die-cast aluminum shoes with **replaceable points** for a long service life.
