

CT175 Camera Tripod

Model: CT175

The CT175 is a versatile and portable camera tripod that offers an extended height range for capturing the perfect shot. This tripod stand is designed to accommodate smartphones, DSLR cameras, and precision levels, making it a versatile tool for both professional and personal use. Its telescopic aluminium legs and geared elevator column provide excellent stability, while the 3-way swivel/tilt head allows for smooth panning and precise framing for both photos and videos.

Core Features:

Smooth & Precise Adjustments: Features a **3-way pan-and-tilt head** with a handle for smooth 360-degree rotation and angle adjustments.

Geared Elevator Column: A center column with a **rack and pinion system** allows for precise, fine-tuned height adjustments.

Fast & Secure Setup: Telescopic leg sections feature simple **lever locks** for rapid deployment and secure locking.

Highly Portable: The **lightweight aluminum construction** and collapsible legs make it compact and easy to carry for on-the-go shooting.
