SERIES ANTENNA

PART NUMBER 201910575-10

V-Polarization Horn Antenna:

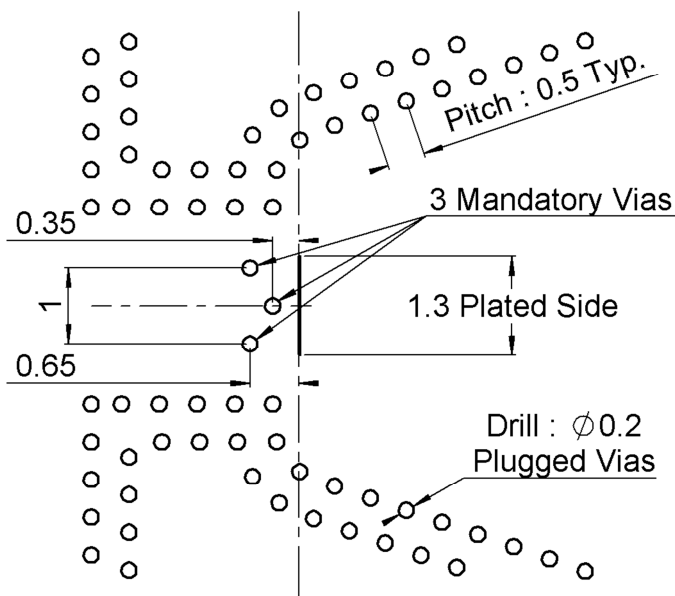

Contour

PSR TOP

Photo Solder Resist openings are shown here.
These are the areas where there is no PSR.

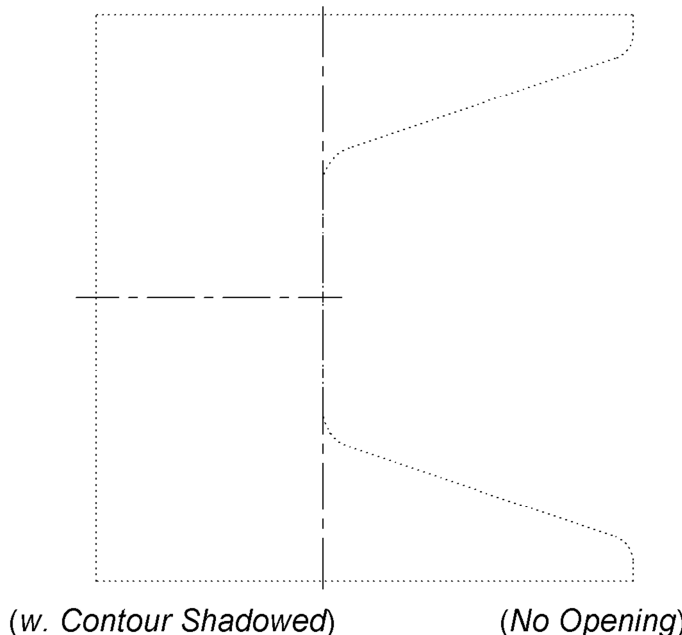

2 rows of vias, @ 0.5 Typ. pitch, placed as defined (for at least 3 holes), or as close as possible to the edges of the copper layers.

VIAS

Plated side on all layers is required locally for this antenna reference.
The via marked as "mandatory" shall not be suppressed or moved.
For the other vias, we recommend a 0.5mm pitch stitching on two rows

----- : The layer can expand beyond the footprint limit

PSR BOTTOM

In the antenna area, bottom is fully covered by PSR.
