Designed for next-gen data centers, 5G networks and AI computing, Radiall 2RTP Series delivers high-precision testing at speeds up to 112 Gbps.

- High impedance matching in the full frequency band, less energy reflection
- Multi-layer shielding superior RF protection ensures signal integrity
- Tight phase matching ±5° in a group of hundreds of cable assemblies
- 5,000 mating cycles
- 20,000 flex cycles
- Connector 2.92 mm male and female available
- Armored and unarmored options available
