

Anritsu Cable Part Number	Frequency (GHz)	Connector "A"	Connector "B"	Length (meters)	Return Loss Match (dB)	Insertion Loss Full Cable (dB @ Max Freq)	Impedance (ohms)
15NN50-1.5C	6.0	Precision N-male	Precision N-male	1.5	18	1.5	50

Features	Benefits
Off-the-Shelf Standard Assemblies	Minimize down time
Phase and Amplitude Stable with Flexure	Longer calibration intervals, greater precision and accuracy
Flexible	User friendly/Easy to route
Internally Ruggedized	Crush, torque and kink resistant/longer life
Fluid Resistant, Crush Resistant, and Dust/Dirt Proof	Survives rough handling and outdoor use
